**Re: Monthly Report of Incidents Reportable under FIFRA 6(a)(2)
Products Registered to United Industries Corporation
For the Month of November 2004**

Dear Sir or Madam:

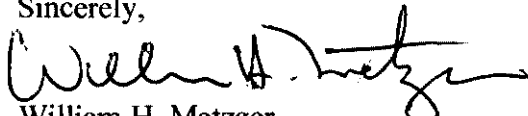

This submission is intended to provide EPA with additional information we have received since our last monthly report regarding reportable incidents involving pesticide products registered to various divisions of United Industries Corporation.

The enclosed report includes those incidents that are required to be accumulated for 1 month and then submitted to the Agency within 1 month of the end of that period.

I have enclosed a Summary Sheet of Reportable Incidents that includes all reportable incidents falling within the one-month accumulation category. This sheet provides the Case Number, EPA Registration Number or Active Ingredient, and Severity Category. The detailed Case Report, which includes all the information regarding each incident, is then attached immediately following the Summary Sheet.

If you have any questions, suggestions, or would like to discuss this report in more detail, please contact me at 314-683-2750 or via E-mail at bill_metzger@spectrumbrands.com.

Sincerely,

William H. Metzger
Vice President, Regulatory & Government Affairs

Notes:

Vickie Farnsworth, 11/16/2004 19:29:19

S: Caller states that he bought a pound cake 2 1/2 to 3 weeks ago. It was in the kitchen with the Real Kill Mouse Killer Place Packs. He thinks that the mice ate the bait, and then

O: Losing use of the right side of his face - can't wink, can't taste as well, it feels 'lazy'

A: Not consistent with exposure

R: Referred to ER for medical attention - needs to check other etiology.

Heidi Kramer, 11/20/2004 08:45:34

S: TC to [REDACTED] Went to the Dr and cannot figure out what is going on. Still cannot taste food. Mice ate the poison, and then they urinated on the cake and he ate the cake. Still using the bait. Ate 3/4 of the cake. Does not have insurance or money. Will go back to Dr on Monday.

O: Unable to taste food. Right side of face shakes and right side of face `gives out`

A: sx persist. Unlikely sx related.

R: Go to hcf for evaluation. PC to cb on Friday. hk

Sonia Solorzano, 11/26/2004 08:51:25

s:CB to number given and there was no answer.

o:--

a:ingestion exposure

r:Left message with case number, phone number and to call back with status. pc to follow up. ss

Vickie Farnsworth, 11/27/2004 09:52:08

S: TC to [REDACTED]

O: MD said that symptoms are not from poison, is Bell's Palsy.

A: As above.

R: Close case.
